To learn more, call (509) 454-4006 or visit our website at www.builtgreencw.org

Building and providing products and services for environmentally friendly, energy efficient homes is a rapidly growing industry trend. The Central Washington Built Green Association provides the tools and information you need to help your business expand into this exciting new market.

Built Green Presentation: HOW TO GET TO A THREE STAR HOME

The Central Washington Built Green Association will present two three-hour long seminars on "How To Get To A Three Star Home" February 11. For the convenience of our members, a seminar will be held in Yakima and Ellensburg. The seminar will outline the basics of the Built Green Program and explain how easy it can be to certify a Three-Star Built Green Home. There is no charge for the seminar and all members are welcome. The seminars are scheduled as follows:

Yakima: Feb. 11, 9 a.m.-noon at the Yakima CWHBA Office

Kittitas: Feb. 11, 1:30-4:30 p.m. at the Kittitas CWHBA Office

For more information or to resister call (509) 454-4006.
